The Organiser is released from any liability connected with the event and, in particular, from:

- Accidents suffered or caused by participants
- Participants losing their way
- Injuries of any kind suffered by participants
- Any damage to participants' bikes
- Thefts suffered by participants

By registering for the event, participants acknowledge:

- That the routes are not fully signed, so the GPX tracks must be followed
- That they ride at their own risk and are considered to be on a free personal excursion, with no more rights than other trail and road users
- That the organisers provide no mechanical assistance along the route, nor any recovery service for riders who withdraw and their bikes
- That the organisers have no obligation to search for participants on the route, and that they undertake to inform the organiser of their withdrawal by calling or texting the phone number given by the organisation

By giving their consent through completing and submitting the online registration form, each participant answers for their own conduct during and after the event; they also declare that they are in good physical condition and hold a valid membership card and medical certificate on the date of the event, and that they have read and approved these rules. This consent has the legal value of a self-certification of what has been declared.

CHAPTER 6

RULES AND LIABILITY

13 CANCELLATION OF THE EVENT

If, due to force majeure or an event beyond the Organisation's control, the event cannot take place, the entry fee will be neither refunded nor carried over to the following year. Registered participants will nevertheless have the right to take part in the following edition: this right must be exercised with a new regular registration and payment as set out in these rules.

Furthermore, if, due to force majeure or an event beyond the Organisation's control, the event cannot take place on the scheduled date but can be rescheduled to a later date in the current year, the Organiser reserves the right to inform participants of the new date without any minimum notice. In that case each participant may choose either to take part on the new date at no extra cost, except for any administrative charges that may be notified, or to keep the right to take part in the following edition, in which case they must register again with full payment, as set out in this article.

14 CHANGES

The Organisation reserves the right to make changes to the route and to these rules at any time. The website www.novecolli.it is the official source of information on the event: all official announcements will be published on the website.

15 SIGNATURE – TRANSFER OF IMAGE RIGHTS AND DATA

By submitting the online registration form, the adult participant or, for a minor, the person exercising parental authority or acting in their place, declares on their own responsibility that they hold a valid cycling membership card and/or medical certificate, that they have read and unconditionally accept every article of these rules, and also consents to the use of their data, as provided by the privacy law (art. 13 of EU Regulation 679/2016 – GDPR).

By submitting the online registration form, the participant authorises the A.S.D. Gruppo Cicloturistico Fausto Coppi to transfer their personal contact details to third parties for promotional purposes.

By submitting the online registration form, the participant also consents to photographs, video footage and audio recordings of any kind concerning them at the event being freely stored, reproduced, published and distributed by the Organisation A.S.D. Gruppo Cicloturistico Fausto Coppi and by the sponsors, without any right to payment and/or compensation. The participant also expressly authorises the Organisation and the sponsors, together with their media partners and tourism promotion bodies, to use still or moving images showing them during their participation, on all media, including cycling promotion and/or advertising materials. The participant agrees that such data and the related material may be made available to the professional photographers and/or photo studios commissioned by the organisation to cover the event.

The use and processing of personal data means any operation or set of operations concerning the collection, recording, organisation, storage, consultation, processing, modification, selection, extraction, comparison, use, interconnection, blocking, communication, dissemination and distribution of data, even if not recorded in a database, within the meaning of art. 7 of Legislative Decree no. 196/2003.

16 DECLARATION OF LIABILITY

By registering for the Nove Colli Gravel, the athlete declares that they know and accept these rules in full and accept in every part the following declaration of liability:

> *"I am aware that taking part in the Nove Colli Gravel and/or in sporting events in general is a potentially risky activity. I also declare that I am registering voluntarily and I accept all the risks arising from my participation in the event: falls, contact with vehicles, other participants, spectators or anything else, weather conditions including scorching heat, extreme cold and/or high humidity, traffic and road conditions, and every kind of risk known to me and carefully assessed. Being aware of the above, and in view of the acceptance of my registration, I, on my own behalf and in the interest of no one else, release and discharge the Organising Committee of the Nove Colli Gravel, Nove Colli Eventi Srl, ASD GC Fausto Coppi, the FCI, and their respective representatives, successors, officers, directors, members, agents and employees of the above organisations, from all present and future claims or liabilities of any kind, known and unknown, arising from my participation in the event."*
